

Non-Emergency Medical Transportation (NEMT)

Providers

Total Transit Has Revised NEMT Forms

Total Transit has implemented two revised forms which impact providers. The [Medical Certification of Transportation Services](#) (MCTS) form and [MCTS Beyond 25 Miles](#) form. The revised forms are available on [Total Transit's forms](#) website. Major changes include:

- More than one mode of transportation can be selected within the MCTS form,
- MCTS form is not required for public transit or mileage reimbursement,
- Medical facility staff can sign the form on behalf of the licensed medical provider,
- The expiration date can be entered or indefinite expiration date selected, and
- Medical facility staff can now call in with the information, in addition to online submission, mail, email, or fax; MCTS forms for ambulance transportation cannot be called in.

Total Transit is the transportation broker responsible for coordinating Non-Emergency Medical Transportation (NEMT) for eligible members residing in the counties of Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas, Jefferson, Larimer, and Weld.

For additional information, please review the [Colorado NEMT](#) website or contact Total Transit at 855-264-6368 with questions.
